Herbicide Branch

Subject: Submission of Confidential Statements of Formula (EPA Forms 8570-4) for registration of M1768 Herbicide; Alternate Brand Name: XtendiMax® With VaporGrip® Technology; EPA Reg. No. 264-RERN

Dear Emily Schmid,

On July 3, 2020, Bayer Crop Science submitted an application and proposed label for registration of M1768 Herbicide (Alternate Brand Name: XtendiMax® With VaporGrip® Technology), EPA Reg. No. 264-RERN (Package ID EP-844485, CDX confirmation code CDX_2020_006920). In addition to the documents submitted with the initial application, the U.S. EPA requested on July 7, 2020 that Bayer provide the Confidential Statements of Formula (EPA Forms 8570-4) for M1768 Herbicide.

In support of the registration for M1768 Herbicide (264-RERN), Bayer herein submits three EPA Forms 8570-4 (Confidential Statements of Formula), one for the basic formula and two for the alternative formulas. As you are aware, the prior M1768 Herbicide registration (EPA Reg. No. 524-617) was the subject of EPA's June 8, 2020 cancellation order, allowing continued use of existing stocks of the herbicide after a decision by the U.S. Court of Appeals for the Ninth Circuit on June 3.
